

*The City School*  
**North Nazimabad Boys Campus**

Class: 9  
Subject: Chemistry

**Chemistry C.W**

**Acids and Bases**

Q.1. Define the following terms:

Acid, base, Alkali, Neutralization, indicators

Q.2. discuss the properties of Acids.

Presentations by students (group activity)

**H.W**

- Learn Chemical Bonding for class assessment
- PBL: make blog for class and upload presentation done in class

**Physics Class 9**

**C.W**

- Pressure in liquids and gases
- Basic principle of Hydraulic system
- Calculations from physics Matters.
- Practice questions from Net attached

**H.W**

- Complete written work
- Do corrections
- Complete indices
- Learn Turning Effects of Forces for class assessment on Monday 9-3-15(30marks)
